SIR,

Report No 32 aPr 42/46 dated 7-12-1946 from the Municipal Engineer to the Municipal Commissioner,, Bangalore City

Subject Proposals for the appointment of an attender for he Municipal Engineer's Office

---

The Ministerial establishment of this Section consists of one ccountant and four clerks The Budget grant of the Engineering ection both for works and establishment is more than Rs 10,00,000/- he grant is more than a regular division of P W D , and the Establishment of this office (specially the ministerial branch) is very megre when compared to the division office Further, this ministerial establishment was sanctioned some years back and the same establishment is being continued The work of the Engineering Section has also abnormally increased when compared to the works of the previous years Reorganiaation of the ministerial establishment of the Engineering Section was submitted several times But it was not sanctioned

The work of the office is increasing day by day and the office is indenting upon the Maistries for the help and this is not possible at every time In order to avoid such complication and to give the office some relief it is very necessary to appoint an Attender

P Narayana Rao is working in this section from the last 12 years He is all along shown as a menial and paid on Nominal Rolls He has studied upto L S and has gained much experience in the office work (specially in the accounts work) He is very much useful for the office Many a time he was recommended for the post of Maistry on Rs 25/- But on account of lack of educational qualification, he did not get the chance, and he deserves every encouragement He may be taken on permanent establishment and appointed as attender in view of his long service, and hard work

The pay of the attender is fixed in the scale of 15-1-20 The establishment charges in this behalf will be only Rs 216/- per annum The proposition statement in duplicate is herewith submitted for favou of placing before the Managing Committee and the Council for sanction
